## TOWN WARRANT

### Town of Greenfield State of New Hampshire

To the inhabitants of the Town of Greenfield in the County of Hillsborough and State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Meeting House in said Greenfield on Tuesday, the twelfth day of March, next, to act on the following subjects. The polls will be open at the Town Meeting House from 10:00 A.M. to 7:00 P.M.

Article 1A: To choose all necessary town officers for the year ensuing.

Article 1B: To vote by ballot on four proposed amendments to the Greenfield Zoning Ordinance.

### PROPOSED AMENDMENTS TO THE GREENFIELD ZONING ORDINANCE

#### AMENDMENT NUMBER 1 to the Zoning Ordinance

In SECTION III. Districts, change paragraph A.1 to read:

This District shall be principally a district for the transactions of business and the following uses are permitted: stores & shops for the conduct of any retail business or personal service, offices, banks, filling stations, car washes, motor vehicle repair garages and food service facilities. All the above businesses must be conducted in permanent buildings. Residences are allowed in this district, however, manufactured housing, mobile homes and/or travel trailers used as a residence shall not be permitted.

In SECTION II. DEFINITIONS, add the following:

Food Service Facility - A commercial establishment dispensing prepared food and/or beverages for consumption on or off the premises.

In SECTION IV. GENERAL REGULATIONS AND RESTRICTIONS, add the following paragraph:

L. Food Service Facilities must have:

a. A restroom(s), including lavatory, conveniently

located within the building. All wastes must discharge directly into an approved inground sewage disposal system;

b. Provisions for washing utensils used in the preparation and/or consumption of food and/or beverages. Any waste water must discharge directly into an approved inground sewage disposal system;

c. A water supply adequate for both the washing facilities and restroom(s).

(Amendment number 1 would specify the types of businesses permitted in the Business District)

#### AMENDMENT NUMBER 2 to the Zoning Ordinance

In SECTION III, DISTRICTS, change subparagraph E. 6 to read:

6. The following businesses will be permitted in this District: buying, selling and exposing for sale home produce and products; maintaining and operating hotels, bed & breakfast inns and day care centers.

In SECTION II. DEFINITIONS, change paragraph E to read:

"Bed & Breakfast Inn" shall mean and include all dwellings where sleeping accommodations plus the breakfast meal are provided for a price.

(Amendment number 2 would change the businesses allowed in the General Residence District by deleting tourist homes, sanitariums, private schools and recreational camps and by adding bed & breakfast inns and day care centers)

#### AMENDMENT NUMBER 3 to the Zoning Ordinance

In SECTION III. DISTRICTS, delete paragraph A 6h.

In SECTION IV. GENERAL REGULATIONS AND RESTRICTIONS, change paragraph K to read:

K. In any district, the maximum height for any building intended for human occupancy, either as a residence, business or for any other purpose, will be thirty five (35) feet above the ground or two (2) stories. For purposes of this Ordinance, an attic used for storage only is not considered a story. The height of any other structure, including towers and antennas, shall not be greater

than fifty (50) feet from the ground except that special exceptions to this height restriction may be granted by the Board of Adjustment for silos for storage of feed crops or other farm buildings, church towers, water storage structures or amateur radio antennas.

(Amendment number 3 would require buildings in the Business District to meet the 35 foot height restriction found in the other three districts.)

#### AMENDMENT NUMBER 4 to the Zoning Ordinance

In SECTION III, DISTRICTS, delete paragraph I. 2f.

(Amendment number 4 would eliminate the 125 foot sewage disposal setback requirement from wells, wetlands, bodies of water or watercourses and would thereby require that setbacks meet state regulations.)

Town meeting will recess until 7:00 PM on Friday March 15, 1996 when Article 2 and the remaining articles of the warrant will be acted upon.

Article 2: To hear the reports of agents, auditors, standing committees, or other officers heretofore chosen and to pass any vote relative thereto.

Article 3: To see if the municipality will vote to authorize the Board of Selectmen to accept, on behalf of the town, gifts, legacies and devises made to the Town in trust for any public purpose. This authorization is in accordance with RSA 31:19 and shall remain in effect until rescinded. Majority vote required.

Article 4: To see if the municipality will vote to raise and appropriate a sum of Sixty-eight thousand, One hundred twenty-seven dollars (\$68,127.) to support the Police Department to be allocated as follows:

Chief's Salary	34,122.
Part-Time Wages	6,000.
Special Detail	250.
Employee benefits	7,385.
Telephone	3,200.

To be allocated as follows:

Salary	21,632.
Employee benefits	2,195.
Liability Insurance	<u>1,400.</u>

25,227.

Article 6: To see if the municipality will vote to raise and appropriate the sum of Thirty-one thousand, four hundred thirty-three dollars (\$31,433.) to support the Fire Department to be allocated as follows:

Chief's Salary	750.
Employee Benefits	58.
Telephone	500.
Mutual Aid	2,000.
Training	2,000.
Electricity	2,200.
Heating Fuel	1,600.
Building Repairs	800.
Equipment Replacement	6,000.
Repair Services - Vehicles	4,400.
Liability Insurance	625.
Vehicle Insurance	2,100.
Medical Supplies	800.
Maintenance/Repair, Radio	1,800.
Gasoline	1,200.
Miscellaneous	500.
Forest Fire & Equipment	1,000.
Forest Fire Prevention	100.
Expense Reimbursement	<u>3,000.</u>

31,433.

Article 7: To see if the municipality will vote to authorize the transfer the fund known as the Russell Land account to the Forest Fire Fighters reimbursement account and to authorize the selectmen as agents to expend. Two-thirds vote required.

Article 8: To see if the municipality will vote to raise and appropriate the sum of Two hundred thirty-five thousand, three hundred eighty-three dollars (\$235,383.) to support the Highway Department to be allocated as follows:

Wages, Full Time	78,305.
Wages, Part Time	5,880.
Wages, Overtime	4,120.
Employee Benefits	9,040.
Telephone	600.
Contract Services	45,858.
Electricity	1,500.
Heat	2,200.
Building Maintenance/Repair	300.
Road Reconstruction	25,000.
Equipment Rental	10,000.
Vehicle Repairs	11,500.
Plow & Sander Repairs	3,000.
Vehicle Insurance	2,780.
Gasoline	7,000.
Lubricants	2,000.
Miscellaneous	3,300.
Salt & Sand	11,000.
Sealing & Tarring	<u>12,000.</u>
	235,383.

Article 9: To see if the municipality will vote to raise and appropriate the sum of Thirty-three thousand dollars (\$33,000.) for the purchase of a one-ton truck. Up to \$25,835.00 to be funded through the 1995 surplus, \$6,000.00 from the sale of the 1987 one-ton truck and \$1165.00 plus interest to be withdrawn from the capital reserve account set up for that purpose.  
Recommended by the Selectmen.

Article 10: To see if the municipality will vote to raise and appropriate the sum of Sixty-five thousand, two hundred-sixteen dollars (\$65,216.) to support the Recycling Center to be allocated as follows:

Full Time wages	19,470.
Part Time wages	540.
Employee Benefits	6,016.
Telephone	120.
Wilton Recycling Center	36,920.
Electricity	150.
Gasoline	1,200.
Miscellaneous	<u>800.</u>
	65,216.

Article 11: To see if the municipality will vote

to raise and appropriate the sum of Twenty-four thousand four hundred thirty-five dollars (\$24,435.) to support the Stephenson Memorial Library as follows:

Librarian/Assistant/Custodian	15,075.
Employee Benefits	1,150.
Telephone	440.
Electricity	900.
Heat	600.
Repairs to Building	900.
Dues and Subscriptions	200.
Education/Conventions	1,250.
Postage	120.
Books & Periodicals	<u>3,800.</u>

24,435.

Article 12: To see if the municipality will vote to raise and appropriate Nine thousand, five hundred thirty-five dollars (\$9,535.) for the support of the Recreation Department. Six thousand, thirty-five dollars (\$6,035.) to be raised through taxes and Three thousand, five hundred dollars (\$3,500.) to be raised through fees and charges. Nine thousand, five hundred thirty-five dollars (\$9,535.) to be allocated as follows:

Wages	3,750.
Employee Benefits	385.
Insurance	400.
Activities, Little League	1,500.
Revolving Fund (Fees Reimbursed)	<u>3,500.</u>

9,535.

Article 13: To see if the municipality will vote to raise and appropriate the sum of Three thousand four hundred dollars (\$3,400.00) to trim out the dead wood at Oak Park. This is a two year project. Recommended by the Selectmen.

Article 14: To see if the Municipality will vote to raise and appropriate the sum of Two thousand five hundred dollars (\$2,500.00) for a wash well to be situated between the playground and soccer field at Oak Park. Recommended by the Selectmen.

Article 15: To see if the municipality will vote to raise and appropriate the sum of Two hundred thirty-five thousand, one hundred eighty-eight dollars (\$235,188.) for the operation and maintenance of town property. Two hundred thirty-three thousand, one hundred eighty-eight dollars (\$233,188.) to be raised through appropriations and Two thousand dollars (\$2,000.) through fees raised by Oak Park.

## TOWN MEETING

March 14, 1995

## TOWN ELECTION

Meeting was called to order by Moderator, Peter Hopkins, at 10:00 a.m. to act on Article I of the Warrant - election of Town Officials for the ensuing year, also Article IB to vote on proposed amendments to the Zoning Ordinances proposed by the Planning Board and Proposed Amendment in CONVAL district.

Pledge of Allegiance was led by Bob Geisel; Moderator read the first article of the warrant, the remainder to be read when Town Meeting reconvenes on Friday, March 17, 1995, at 7 p.m. Checklist was read by Linda Dodge, supervisor of the checklist with 789 names.

Polls opened at 10:00 a.m. and closed at 7 p.m. after which the ballots were counted 359 ballots were cast, nine of which were absentee.

SELECTMAN FOR ONE YEAR - Jerry Adams received 326 votes (there were a few write-ins) therefore Jerry Adams elected for ensuing year.

SELECTMAN FOR THREE YEARS - Conrad B. Dumas received 270 votes (there were a number of write-ins) therefore Conrad B. Dumas elected for the ensuing three years.

TOWN TREASURER FOR ONE YEAR - Irene Russell received 314 votes (there were a few write-ins) therefore Irene Russell elected for the ensuing year.

FIRE CHIEF FOR ONE YEAR - James Conway received 317 votes (there were a few write-ins) therefore James Conway elected for the ensuing year.

LIBRARY TRUSTEE FOR THREE YEARS - Jane Winslow received 56 write in votes, there were a few other write ins but none with sufficient numbers therefore Jane Winslow elected for ensuing three years.

TRUSTEE OF TRUST FUNDS FOR THREE YEARS - A number of write in votes but none with sufficient number, therefore someone will need to be appointed.

BUDGET COMMITTEE FOR THREE YEARS (vote for two) Bruce Dodge received 10 write in votes, there were a number of other write ins, Bruce Dodge received the most, therefore elected for the ensuing three years. The second member will need to be appointed.

BUDGET COMMITTEE FOR TWO YEARS (vote for two) Several write in votes none with sufficient number to be elected, therefore 2 members will need to be appointed.

PLANNING BOARD MEMBER FOR THREE YEARS (vote for two) Richard Lockhart received 248 votes, and Steven Seigars received 273 votes (there were number of write-ins) therefore Richard Lockhart and Steven Seigars elected for the ensuing three years.

TOWN AUDITORS (vote for two) There were a number of write in votes but none with sufficient number, therefore auditors will have to be appointed.

SUPERVISOR OF THE CHECKLIST FOR THREE YEARS - Robert Plourde received 17 write in votes, there were a number of other write ins but none in sufficient number, therefore Robert Plourde elected for ensuing three years.

CONVAL SCHOOL DISTRICT MODERATOR FOR ONE YEAR. Gary Gagnon received 308 Votes.

Article 1B - Proposed Amendments to the Zoning Ordinances.

Amendment #1 - Would Reduce the front setback in the Business District from 100 feet to 50 feet.

YES 221 NO 126

Amendment #2. Would, in the Business District only, include campfire wood as home products.

YES 251 NO 93

Amendment #3. Would, in the Business District, allow multiple signs on properties with multiple businesses.

YES 239 NO 109

Amendment #4. Would increase all building permit fees to \$0.10 per square foot of buildings intended for human occupancy and to at least \$0.03 for detached non-residential structures.

YES 179 NO 159

Amendment #5. Would prohibit in the Business District manufactured housing, mobile homes and/or travel trailers, used either as residences or for businesses.

YES 236 NO 112

Amendment #6. Would prohibit hunting preserves in Greenfield.  
(The Greenfield Planning Board is in favor of Amendment #6)

YES 276 NO 81

PROPOSED AMENDMENT TO THE ARTICLES OF AGREEMENT:

Fiscal Year	Average Daily Membership	Equalized Value
1995-96	60	40
1996-97	40	60
and thereafter.		

YES 340 NO 18

School Board Recommends adoption of the Amendment.

TOWN MEETING - 1995

Town Meeting reconvened on March 17, 1995, at 7:00 p.m., Moderator, Peter Hopkins, read the State of the Ballot. Before continuing he reviewed the house rules as follows: 1. There will be no smoking in the Hall. 2. Unless otherwise directed at the beginning of the meeting articles will be presented in the order which they have been published in the warrant. 3. Anyone wishing to speak to an article, please wait to be recognized then stand and state name so all in the assembly will know who is speaking. 4. Please stick to the issue when discussing a motion. 5. Any person wishing to speak to a motion a second time should wait until those who wish have had a chance to speak a first time. 6. Every article should have a fair hearing therefore motions to pass-over an article before this has happened will not be accepted. 7. We request that all amendments to motions be presented in writing. 8. Because there is a great deal of confusion about motions to reconsider, once a proper vote has been taken and the business on the article on the floor is completed, and the assembly has moved on to the next article I will not accept a motion to reconsider a previous article. 9. In order to assure proper vote counts when there is a question of the plurality of a voice vote I will ask for a show of hands. Please use the "Yes" and "No" cards at this time. 10. Last but by no means least of importance if you feel the Moderator is in error please feel free to request a point of order and a ruling by the assembly. In the back of the Hall is a drawing of a sign, would you please look at this sometime during the evening and let Selectmen know your thoughts on it, it is to be placed on the Common. Meeting proceeded with Moderator reading Article 2 of the warrant.

Article 2. Motion made and seconded to hear the reports of agents, auditors, standing committees, or other officers heretofore chosen and to pass any vote relative thereto. Vote in the affirmative.

Article 3. Motion made and seconded to see if the Town will vote to raise and appropriate the sum of Sixteen thousand, two hundred fifty dollars (\$16,250) to have all public utilities assessed or take any action relative thereto. Article recommended by the Selectmen. Question asked if this article wasn't voted down last year and why did we not pass it last year, it was explained that actually it was tabled last year. It was felt that tax to the utilities would go up and the amount spent on assessment would be recovered in the first year. George Sansoucy representative of firm who would be assessing spoke to the Article - Pole count and wire count would be done so fair tax could be realized from Telephone Company and Electric Company, and would advise Selectmen on how to put pressure on the Utilities to send permits for pole licenses each time pole is installed. Vote in the Affirmative.

Article 4. Motion made and seconded to see if the Municipality will vote to raise and appropriate the sum of Twenty-one thousand seven hundred sixty dollars (\$21,760) to support a second full time policeman, Eighteen thousand seven hundred and fifty dollars (\$18,750) to be received through federal grant and Three thousand ten dollars (\$3,010) to be raised by tax dollars or take any action relative thereto. By substituting a couple of part timers for one full time policeman, would save the Town money. Whoever we choose realizes that it is only for three years, time limit of grant. This article would need to be voted on yearly and not be lumped in with Police Department budget. Article voted in the affirmative.

Article 5. Motion made and seconded to see if the municipality will vote to raise and appropriate a sum of Sixty-seven thousand, one hundred ninety dollars (\$67,190) to support the Police Department or take any action relative thereto. The Budget Committee felt the budget has been pared already from the one first submitted and they approved amount of this budget. Gary Gagnon, Chief of Police defended the Hillsboro County Dispatch Service as being more geared to Police than the Keene emergency number which is being used by the Fire Department. Article voted in the affirmative.

Article 6. Motion made and seconded to see if the Town will vote to authorize the Selectmen to enter into a lease agreement for the purpose of leasing a Ford police cruiser for the Police Department and to raise and appropriate the sum of Five thousand eight hundred fifty-five dollars (\$5,855) for that purpose or take any action relative thereto. Vote in the affirmative.

Article 7. Motion made to see if the Municipality will vote to raise and appropriate the sum of Thirty-one thousand, two hundred ninety-four dollars (\$31,294) to support the Fire Department or take any action relative thereto. Paul Sandquist changed the motion to read "to see if the municipality will vote to raise and appropriate the sum of Thirty-five thousand, ninety-four dollars (\$35,094) to support the Fire Department or take any action relative thereto." Which was seconded. This would be changing the line items "Equipment Replacement" to \$6,000 and "Repair Services-Vehicles" to \$6,200 the rest of the budget to remain as allocated. This change request due to fact that a truck has a leak and to repair it would cost this extra monies which was discovered after the budget had been submitted. Changed motion for \$35,094 voted in the affirmative.

Article 8. Motion made and seconded to see if the municipality will vote to raise and appropriate the sum of Seventeen thousand, three hundred forty dollars (\$17,340) for the support of a third man for the Department of Public Works. Fourteen thousand forty dollars (\$14,040) to be raised for wages and Three thousand three hundred dollars (\$3,300) to be raised for benefits, this man would work 30 hours per week or take any action relative thereto. The Board of Selectmen and Budget Committee were in favor of this article. Vote in the affirmative.

Article 9. Motion made and seconded to see if the municipality will vote to raise and appropriate the sum of One hundred, eighty nine thousand, one hundred eighty-six dollars (\$189,186) to support the Highway Department or take any action relative thereto. Vote in the affirmative.

Article 10. Motion made and seconded to see if the municipality will vote to raise and appropriate the sum of Twenty-five thousand dollars (\$25,000) for the resurfacing of roads or take any action relative thereto. Vote in the affirmative.

Article 11. Motion made and seconded to see if the municipality will vote to authorize the Selectmen to enter into a lease agreement for the purpose of leasing a John Deere road grader for the Highway Department and to raise and appropriate the sum of Five thousand, six hundred fifty dollars (\$5,650) for that purpose or take any action relative thereto. This is the last year for the lease. Vote in the Affirmative.

Article 12. Motion made and seconded to see if the municipality will vote to raise and appropriate the sum of Sixty-six thousand, four hundred ninety-eight dollars (\$66,498) to support the Recycling Center or take any action relative thereto. Discussion followed about cost going up and possibility of going out on our own, which it was felt would be less expensive, but it would cost a lot to get out of present contract. It was suggested that we be ready to go on our own when the present contract is up. Article voted in the affirmative.

Article 13. Motion made and seconded to see if the municipality will vote to raise and appropriate the sum of Twenty-two thousand dollars (\$22,000) to support the Stephenson Memorial Library or take any action relative thereto. Vote in the affirmative.

Article 14. Motion made and seconded to see if the municipality will vote to raise and appropriate Five thousand, seven hundred thirty-five dollars (\$5,735) for the support of the Recreation Department. Two thousand, two hundred thirty-five dollars (\$2,235) to be raised through taxes and Three thousand, five hundred dollars (\$3,500) to be raised through fees and charges or take any action relative thereto. Vote in the affirmative.

Article 15. Motion made to see if the municipality will vote to raise and appropriate the sum of Two hundred eleven thousand, eight hundred twenty-two dollars (\$211,822) for the operation and maintenance of town property. Two hundred nine thousand, eight hundred twenty-two dollars (\$209,822) to be raised through appropriations and Two thousand dollars (\$2,000) through fees raised by Oak Park or take any action relative thereto. Jerry Adams, Selectman, changed motion to read in item "Street Lighting" to show \$1,900 which would give a total of \$212,822; \$210,822 to be raised by taxation and \$2,000 to be raised through Oak Park." This amount would pay for keeping 6 lights on. Question asked about increase in the Financial administration, this explained as having an outside audit and increase in legal fees, because we have been threatened with a lawsuit regarding the game preserve proposal. Question about having the Executive line item broken down, it was agreed that the executive salaries would be broken down for publication next year. Question about life guard being taken out of the budget, the Selectmen felt that the life guard was under utilized last year so took it out of budget and added a general handyman using this money. Alice Welden proposed an amendment to add to the line item "Parks and Playgrounds" bringing this item to read \$12,000 so that a life guard can be hired for Sunset Beach, motion seconded. Vote by show of cards, Yes 31 and No 22, so vote in the affirmative on this line item amendment. Line item, "Street Lighting" was amended to read \$3,900, only taking out 11 lights, this amendment voted in the affirmative. This brings total to be raised and appropriated in Article 15 to \$217,332 to be raised and appropriated for the operations and maintenance of the town, \$215,332 to be raised through taxation and \$2,000 raised through Oak Park. Amended Article voted in the affirmative.

Article 16. Motion made and seconded to see if the municipality will vote to raise and appropriate the sum of Two thousand, five hundred dollars (\$2,500) for the replacement of the sidewalk on the Town Common or take any action relative thereto. Recommended by the Selectmen. That would be from the front of the Church to the street, concrete, also replace small amount of black asphalt. Vote in the affirmative.

Article 17. Motion made and seconded to see if the municipality will

vote to raise and appropriate the sum of Seven Hundred fifty dollars (\$750) for the completion of the War Memorial. Three hundred seventy-five dollars (\$375) to be raised in contributions and Three hundred seventy dollars (\$375) to be raised in tax dollars or take any action relative thereto. Recommended by the Selectmen. Vote in the affirmative.

Article 18. Motion made and seconded to see if the municipality will vote to raise and appropriate the sum of Four thousand, nine hundred fifty dollars (\$4,950) for computer hardware and software for the Town Clerk,s office or take any action relative thereto. Recommended by the Selectmen. Vote in the affirmative.

Article 19. Motion made and seconded to transact any other business that may legally come before this meeting, Any resolutions or take any action relative thereto. One of the Selectmen will be leaving office after this meeting and she deserves a hand of applause which she received. Vote in the affirmative.

Meeting adjourned at 10:00 p.m.

Respectively submitted,

  
Frances F. Kendall, Town Clerk

March 6, 1995

Selectmen  
Town of Greenfield  
Greenfield, New Hampshire 03047

In planning and performing our audit of the financial statements of the Town of Greenfield, New Hampshire for the year ended December 31, 1994, we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we became aware of matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comments and suggestions regarding those matters. This letter does not affect our report dated March 6, 1995, on the financial statements of the Town of Greenfield, New Hampshire.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various Town personnel and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters or to assist you in implementing the recommendations.

Respectfully submitted,

*Mason + Rich P.A.*

MASON + RICH PROFESSIONAL ASSOCIATION  
Accountants and Auditors

**TAX COLLECTOR****Computer Generated Reports**

**Finding** - We noted that the Tax Collector's computer software does not produce a Tax Collector's report that summarizes the activity for a period reporting beginning balances due, collections, added taxes and warrants, and interest and costs collected at either year end or at any time during the year.

**Recommendation** - This is an absolute necessity to determine the activity that was posted to the computer and needs to be addressed immediately. Currently, the Tax Collector has to spend substantial added time preparing a manual report. Having the computer generate the report would save time and facilitate the other reconciliations that need to be done at the end of each month.

**Management's Comments** - The Board of Selectmen has taken this under advisement and will give this additional study.

**Timeliness of Deposits**

**Finding** - Deposits were not consistently made in accordance with RSA 41:35 (I). We noted instances where deposits of funds in excess of \$500 were made up to 23 days late.

**Recommendation** - The Tax Collector must make deposits timely to comply with NH RSA 41:35 (I) and also to insure good internal controls. We would recommend that deposits be made daily when funds on hand at the end of the day exceed \$500.

**Management's Comments** - Deposits are now made on a daily basis if \$500 or more is received. If smaller amounts are received, they are deposited separately from subsequent receipts even though on the same day to agree with day sheets.

**Reconciliation of Deposits to Daily Postings**

**Finding** - Deposits per the "Report of the Tax Collector to the Treasurer" and also per the amount deposited in the bank for current year property taxes did not always reconcile with the actual amount posted to the individual property owners' accounts as detailed in the "Tax Billings Cash Receipts Journal."

**Recommendation** - The amounts posted daily on the system must equal actual deposits per the bank in order to provide an adequate support for what has been collected (audit trail). Also, the carbon copy of the original deposit and the receipt from the bank for the deposit should be saved and stapled to the applicable day sheet.

**Management's Comments** - All receipts are now posted and day sheets reconciled to the deposit lists prior to the actual deposit. A copy of the deposit list and deposit receipts are attached to each day sheet. The original deposit receipt is attached to the transmittal slip given to the Treasurer.

**Timely Notices to Register of Deeds on Tax Liens**

Finding - We noted that the Register of Deeds was not being notified timely when liens had been paid in full as required by RSA 80:33.

Recommendation - In the future, the Register of Deeds must be notified within 30 days of the lien being paid in full as required by RSA 80:33.

Management's Comments - Releases for all liens redeemed during the month are sent to the registry during first week of the following month.

**Tax Liens Receivable Registers**

Finding - We were not readily able to reconcile outstanding liens at year end to a computer generated listing of tax liens receivable. This appeared to be because the additional costs and fees after the time of lien are being deducted from the first payment the tax payer makes on the outstanding lien.

Recommendation - We would recommend that the Tax Collector only collect the costs added after the lien when the final payment is made on the lien.

Management's Comments - DRA recommends posting payments for tax liens in the order - interest, costs, and principal so that any balance will always include unpaid taxes. The Tax Collector is currently working with the Computer Center to generate an accurate "Tax Lien Receivable Register" to provide the auditors with an accurate computer generated list.

**Execution of Tax Liens**

Finding - The report of execution of tax lien was not sent to mortgagees within 45 days after execution as required by RSA 80:28.

Recommendation - The reports need to be filed timely to be in compliance with the applicable RSA.

Management's Comments - The determination and notification of mortgagees will be completed as soon as possible following the receipt of authorization from the Board of Selectmen, who, representing the Town as lien holder, must charge this responsibility to the Collector.

**GENERAL LEDGER REPORTING AND MONTHLY RECONCILIATIONS**

Finding - We noted that the general ledger accounting software package is not being utilized to its maximum. Consequently, the Town is not in compliance with RSA 41:9.

Recommendation - The accounting package needs to be used to do all of the double entry (including revenues) on the system. Once this is done, the cash amount at the end of each month on the general ledger must be reconciled with the monthly amounts per the Treasurer's reports and also reconciled to the amounts reported on the Tax Collector's report mentioned on the previous page. In addition, the property taxes and liens receivable accounts must be reconciled to detailed listings from the Tax Collector's software at the end of each month. Other balance sheet accounts such as withholding accounts also need to be reviewed monthly to determine the correctness of the ending balance. Also, the default accounts currently used to post the Tax Collector's accounts to the general ledger need to be reviewed and corrected.

Management's Comments - The Board of Selectmen has taken this under advisement and will give this additional study.

REPORT OF THE TOWN CLERK

Ending 12-31-95

RECEIPTS:

Auto Permit Fees	\$ 104,996.00

Total Collected & Transmitted	\$ 107,920.86	

"I hereby Certify that this is a true report of receipts and transmittals during the year of 1995."

Signed Frances F. Kendall  
Town Clerk

## TAX COLLECTOR'S REPORT

This year you will notice a difference in the financial report format. The MS-61 report, required by the State Dept. of Revenue Administration, will be used in place of the customary report. However, as in past years, lists of unpaid taxes and unredeemed tax liens will be available for review in the Town offices during regular business hours.

Recommendations for improvements in tax accounting, reporting and other record keeping areas were made during the 1994 audit by Mason & Rich, PA. All of these recommendations, with the exception of those requiring computer software changes, have been implemented, thereby creating a much more accurate and detailed collection and recording process. These improvements are acknowledged in the the auditor's report of November '95. Sincere thanks to auditor John Lyford for all of his professional assistance.

July 1995 saw the completion of the State Certification Program for your collector at the University of New Hampshire in Durham. Financial input from scholarship, personal and town sources all resulted in a successful three year course of study.

The fall annual meeting of the New Hampshire Tax Collectors' Association elected your collector as Legislative Chairman of this statewide group. Reviewing of and testifying on House and Senate bills as well as various Constitutional Amendment proposals dealing with taxation and related areas are just part of this voluntary avocation. Assurance of fair and proper legislation requires participation in this activity of government, and I am proud to be part of that process.

Respectfully submitted,  
Robert C. Geisel, Jr.  
Tax Collector

## SELECTMENS REPORT 1995

1995 was a relatively quiet year in the Selectmen's office, the kind that most of our neighboring towns' boards would envy. The Board benefited from the addition of Conrad Dumas, who proved to be level headed and concise in his deliberations, both admirable qualities in this position.

We left 1994 with some unresolved issues which for the most part we were able to resolve with a minimum of complications or controversies. First, there was the potential litigation involving the hunting preserve on Woodland Hill Farm which necessitated a significant increase in legal expense budget for 1995, and much discussion at Town Meeting. We're pleased to report that no legal action was brought and our legal expenses were on the order of \$13,000 under budget. In fact, our entire legal expenses for 1995 were \$3,500 and in 1994 was only \$2,539. In light of the fact that the previous two years totaled over \$30,000 and that one of our neighboring towns, of similar size, had legal bills in '95 of over \$130,000, we feel very fortunate. We endeavor to take advantage of legal services whenever possible through the Municipal Association or Southwest Regional Planning Commission and we also try and maintain "cool heads".

The reassessment of Public Service property by Sansoucy and Associates was completed resulting in a significant increase in tax revenue and at least for tax year '95 Public Service has not filed for an abatement. May they continue to believe in the wisdom of that approach.

The sidewalk at the Meeting House was not completed due to the fact that a potential alteration in the plans would, in our opinion, require Town Meeting approval and this we will re-introduce at this year's Town Meeting.

There was continued progress under the Oak Park Grant project with the addition of the Tennis Court and improvement to the ball fields, and playground area. There is a warrant article seeking further improvements on the Oak Park building. The Oak Park Committee and the multitude of volunteers who have contributed to these improvements deserve our recognition and our gratitude.

Emergency 911 service is now available for Police, Fire and Rescue. Several streets were renamed with the advise and consent, (for the most part), of the inhabitants of those roads and we should soon all have street numbers. In addition to the enhanced safety this should make it easier for the refrigerator repairman to find your house.

Although at this writing the '96 Budget is still in a state of flux, our goal is to return a budget which will not exceed the total of last years budget plus any increases in revenues, thus maintaining a relatively flat tax rate for the towns portion. The preliminary school budget shows a decrease of \$20,000, however, at this writing neither the teachers contracts nor the bus contracts have been finalized. Let's hope the good news holds!

The Board would like to express their appreciation to all the department heads and to all the members of the various boards for making '95 an enjoyable experience from this end and to all the other town employees and volunteers for their dedication and commitment.

Respectfully submitted,

Jerry Adams  
David Hedstrom  
Conrad Dumas

**1995 ANNUAL REPORT  
DEPARTMENT OF PUBLIC WORKS**

The winter of "95" was very mild, with only one measurable storm. However, we did have three small mud seasons. Everything considered, we managed to stay within the budget.

Thanks to the resurfacing program started this year, we were able to regravol numerous roads. These included, Schoolhouse Road, Gulf Road off of Russell Station Road, a section of Holden Road, and from Fletcher's main house to Miner Road. Also, geotextile fabric and new gravel was applied to 1000 feet of Cornwell Road, 800 feet of County Road, and 1200 feet on Swamp Road. This practice will continue until these roads are completed.

1996 looks like a year where numerous culverts will be replaced, new gravel applied and more ditching to solve water problems.

I look forward to working with Selectpeople, Town Committees and Citizens of Greenfield in 1996. Thank you for your support and cooperation.

Sincerely,

Rick Weston  
Road Agent

ANNUAL REPORT  
TRUSTEES OF TRUST FUNDS

The Board of Trustees has undergone a reorganization to better perform its duties. An important part of this effort has been to establish a fireproof storage of all records. This has been especially difficult because many of the records were destroyed by fire.

Scholarship funds have been disbursed in accordance with the wishes of the donors.

Most of the efforts during the past year have been devoted to the cemetery trusts. The physical layout and ownership are being computerized as the information becomes available. A lot marking system has been generated to better identify and locate burial sites. Lot markers are being purchased to replace lost or destroyed markers. The markers that have been chosen are least affected by frost.

During the coming year work on the cemetery and its records will continue and a new set of regulations will be drawn up.

RECEIPTS

Sale of a lot a Greenvale Cemetery	\$ 300.00

## STEPHENSON MEMORIAL LIBRARY

This year the Stephenson Library has entered the world of technology by purchasing a computer. This was accomplished by applying for the Public Library Technology Enhancement Grant for matching funds. All the conditions of the grant were met by the library and the grant was approved. After comparing the pros and cons of many different computers the trustees decided on an AST CD rom computer with a printer. The first priority will be to use the computer for accessibility to the state library and other libraries in the region.

As had been planned in 1994 the Greenfield Women's Club contracted to have the landscaping done in front of the library. The project was finished in early June of 1995. This spring the azalea bushes will adorn the front of the library. Once again the Women's Club has been a good friend to the library.

The trustees sponsored two fund raising events this year. In early spring Greenfield resident author Peter Wensberg spoke at the library regarding his latest novel. After an entertaining reading from his novel he signed many copies of his book, which were purchased by those in attendance. Also the annual book sale was held on the library lawn during the 4th of July week-end. Both of these events proved to be successful.

Velma once again had a meaningful summer reading program for the children of Greenfield. The program entitled "Save the Earth" was enjoyed by many of Greenfield's younger citizens. To celebrate the end of the program there was a visit from UNH Little Red Wagon on July 28th at 7:00. The Little Red Wagon crew presented Velma with a tee-shirt for being the librarian who has included the Little Red wagon as part of the library's summer program longer than any other library.

The librarian attends library co-op, New Hampshire Library Association meetings as well as many workshops to enable her to make the library a useful place for the patrons. The trustees have also attended workshops sponsored by New Hampshire Library Trustee Association.

The library trustees appreciate the gifts that were donated to the library fund in memory of Paul Brooks and Ruth Hopkins, who were both Greenfield residents.

The library circulation for 1995 was 6,124 which is up from last year. Gail and Velma are always there to welcome you and help you.

Library Hours:  
Monday 12-5 6-8  
Wednesday & Friday 12-6  
Saturday 9-noon

As always the trustees would like to thank the many people who donate their time and support to the Stephenson Library .

Respectfully submitted,  
Nancy Aldrich  
Irene Ewing  
Jane Winslow  
Trustees

**ANNUAL REPORT  
OF THE  
ZONING BOARD OF ADJUSTMENT**

During 1995, the Zoning Board of Adjustment heard only eight cases. Five were for variances and three were for special exceptions. One special exception was denied and all other appeals were approved. No appeals from administrative decisions were heard.

Respectfully submitted,

Peter Lindstrom  
Chairman

**ANNUAL REPORT  
CONSERVATION COMMISSION**

Work has proceeded on the Natural Resource Inventory. This report is a rather lengthy one covering the geology, wetlands, streams, flora and fauna of Greenfield. It is our goal to publish this report by the end of the year.

Other activities include working with the planning Board and the Zoning Board of Adjustment in zoning matters as they relate to the natural features of the Town.

Steve White  
Carl Ingelstrom  
Jamie Bascomb  
Linda Ohlson

## BUDGET COMMITTEE REPORT

A budget committee is charged with the duty of reviewing and making recommendations on the proposed budgets and special articles to be presented at the annual Town Meeting. This years committee has a full complement of members whose town longevity ranges from several decades to "new comer" but whose backgrounds in municipal involvement here and in other communities include a broad spectrum of experiences.

Working together with the Town department heads and the Board of Selectmen, this committee has, with a minimum of meetings, reviewed all budgets and special articles and has made recommendations which helped result in the budget now presented to you. It is felt, especially in areas of capital improvement, that a consensus among the planning, budgeting and administrative units of government and the department heads is a requirement of sound financial planning. Input from its citizens during the hearing process and at Town Meeting insures that municipal budgets will be representative of the wishes of all its people. The budget committee urges you to be part of this truly democratic process.

Respectfully submitted,

Greenfield Budget Committee

Albert Burtt

Thomas Thompson

## Report of the Greenfield Police Department

To paraphrase a recent TV commercial; "This is not your father's police department." The Greenfield Police Department had a great many changes and accomplishments in 1995.

Most significant, of course, was the hiring of a full-time police officer with the federal COPS-FAST money. Part-time officer Steve Bell was promoted to full-time after an in-house recruitment drive. I am particularly proud of Steve's accomplishment here in Greenfield. I am constantly receiving compliments on Steve's performance. He enjoys patrolling the back roads as well as the front roads. He is a particular favorite of the "more-mature" women in town because he is reportedly "... just so sweet and handsome and friendly..." As I write this report Steve is attending the police academy in Concord, scheduled to graduate at the end of March.

Hiring Steve allowed us to take advantage of the over \$69,000 grant issued to us from COPS-FAST. Steve's military service also made him, and the Town, eligible for a \$10,000 training grant. We have two more years left on the grant. I am hopeful that the townspeople will see and appreciate the value of the police department as it now exists when future discussion about staffing becomes increasingly important.

Other Greenfield Police Department Police Officers in the News: Officer Fred Davideit, our "rookie", was honored by the NH Police Academy and the NH Highway Safety Agency for his efforts in "Looking Beyond the Traffic Stop". He was awarded a plaque and other gifts in recognition of his diligent patrol of Greenfield streets. Fred stops just about every violation he observes. He doesn't write a lot of tickets, but drivers sure know when he is working. Fred tells me; "I'm just trying to save some lives out there, Chief." Traffic accidents are a major cause of death of young people. The Police Academy made a special category in honor of Fred's efforts when they learned of his dedication to duty. Part-time police, long an important part of small town departments, are sometimes not given the credit they deserve. Selectman Adams was most pleased with his own contribution to Fred's award.

Officer Nick Weeks has been with the Greenfield Police Department since before I came to Greenfield. He has certainly become a very accomplished police officer. He attends as many training classes as he can and is always available for short-notice details. Last year he initiated a stake-out for a felon he learned was living in town and was instrumental in the apprehension. Many people volunteer to serve the town in various capacities. Nick serves his home town as a police officer and a fire fighter, two of the most dangerous jobs around. This is the epitome of civic responsibility and we are all proud of him for that.

Sergeant Scott Quilty used to be fond of saying that he had been Greenfield's Chief of Police longer than anyone, what with all the interim chief duties he assumed between full-time chiefs. Now that I have started my fifth year in Greenfield he no longer holds that edge. He remains an important part of the Greenfield Police Department. He is familiar with almost everyone in town, even if they do not know him. Scott believes that being a police sergeant is the best of all worlds. The fact that he is self-employed and has a flexible work schedule is important to the police department. It is a well known fact around the town office that every time I take a summer vacation someone or something dies; this year it was the hard-drive on our only computer. It is comforting to have Scott on board to manage this and other crises when they arise and I am unavailable. Besides, he is the only one who knows the secret to Dale Russell's hand-held radar gun and would be able to testify in court.

The newest police volunteer is Kiowa, Linda Ryan's German Shepherd. Ki was retired from active duty with a Massachusetts police department. Linda felt that Ki was

depressed about the apparent age discrimination there, one more good reason people move up to New Hampshire, I guess. He has become Steve Bell's new partner. Steve will be receiving formal training on police dogs in the future but for now Ki's presence and abilities are useful to the town. He loves to track and to ride in the cruiser. He also loves kids and he is especially fond of doggy snacks. (That's Ki, not Steve.... I think.)

There were many different events in town that the police department handled. There was a fatality on Forest Road near the cemetery. OHRV complaints kept us hopping, though the snowmobilers enjoyed a banner year with very few complaints about improper driving. A final resolution to the arson at the old Russell house on Forest Rd. has been elusive, but we believe we are on the right track.

The cemetery vandalism was particularly bothersome to me. It seemed to be the ultimate sign of disrespect. We were all very glad to solve this case. Fines, restitution and community service were ordered for all of the offenders.

My first police department report to the Town bemoaned the fact that several roads had two names. Well, we have gotten beyond that with the mapping of the Town for E-911. Now I have to learn a whole group of new names. A free D.A.R.E. bumper sticker to the first resident who can tell me where Shirley Lane is. (Greenfield employees and their families not eligible. Must be over 18 years old to play.)

The following are our activity statistics:

Reports written.....	695	Burglary.....	2
Summonses .....	128	Phone harassment .....	18
Traffic warnings .....	632	Accidents .....	51
Violation arrest .....	7	Fatal Accidents .....	1
Misdemeanor arrest .....	19	Arson .....	2
Felony Arrest .....	5	Domestics .....	19
DWI .....	4	Selectmen pulled over .....	2
Cigarette violations .....	12	Alarms .....	31
Animal complaints .....	76	Persistent porcupines .....	2
Skateboard complaints .....	3	Building checks .....	1287
Assist other agency .....	123	Theft .....	19
Littering .....	11	Comm. Service hours ordered ...	640

The Greenfield Police Department has consistently provided a wide range of services to the community. From solving graveyard vandalism to baby-sitting when a parent is rushed to the hospital; from recovering stolen property to carrying heavy packages out to the car for an older couple. We have investigated untimely deaths and helped escort a mother about to give birth to the hospital. We solved a case when someone broke into a house, and we helped a woman break out of her house when her door froze shut. 547-2525 will get our dispatcher who will call us on the radio or on our beepers when you have a non-emergency. 911 will get you any agency, fire, police or ambulance in an emergency. So, if you need us, do as my mother always says; "Call, why don't you!"

Respectfully submitted,  
Chief Gary W. Gagnon  
for the Greenfield Police Department

**1995 ANNUAL REPORT  
GREENFIELD RESCUE SQUAD**

1995 was a busy year for Greenfield Rescue. We responded to a record number of calls this past year. We had new members become licensed. We had new equipment added, and trained to use it.

The Department Responded to 85 calls for rescue. The calls ranged from minor cuts and scrapes all the way to motor vehicle fatalities. 6 members of the fire service became licensed as First Responders: Steve Coombs, Dave Hall, Shawn Plourde, Charlie Stevenson, and Diane and Lennie Weeks.

8 of 10 members of the rescue squad are currently certified in the use of the Automatic Defibrillator.

The standards of training, both minimal and mandatory, continue to increase, and the members continue to live up to the spirit of volunteerism by doing what is necessary to meet those standards.

The upcoming year looks to be as busy as last. We, as a Department are continuing to keep up with the training to help our community. Some of my goals for the department for the upcoming year are to have everyone certified in the use of the AED, increase the number of EMT's, and hopefully have at least some of our EMT's become Intermediate Level. One of our members is hoping to become certified as a CPR Instructor soon.

Respectfully submitted,

Chris Jacobson  
Deputy Chief-Rescue

## PLANNING BOARD

1995 saw another year of reduced economic activity in both New Hampshire and the Northeast. The Greenfield Planning Board held 3 hearings on minor subdivisions or lot line adjustments. All were approved. The board also made one on-site inspection.

At the March town meeting voters approved six amendments to the Zoning Ordinance which clarified the definition of home produce, corrected the minimum depth of frontage on a public highway, increased building permit fees, clarified sign regulations and housing in the business district, and prohibited hunting or game preserves.

After the March elections the board received the resignation of newly-elected selectman Conrad Dumas and elected Bob Caron to replace him. We also welcomed Steve Fox as an alternate member.

The board spent much of the year working on the Capital Improvements Program for 1996-2001. The final version was submitted to the Selectmen and the Budget Committee to help them formulate the budget for the coming year. We also sent out a questionnaire to residents asking for their opinions on how they view Greenfield and what they would like to see in the future. Results will be published in the Town Newsletter.

Tom Bregani, Chairman  
Steve Seigars, Vice Chairman  
Jean Cernota, Secretary  
Dick Lockhart, Corr. Secretary

George Rainier, Treasurer  
Bob Caron  
Jerry Adams, Selectman  
Steve Fox, Alternate Member

WELFARE ANNUAL REPORT - FY 1995

- Direct Assistance Budget .....	\$18,000
- Direct Assistance Paid Out .....	23,685
Overdraft .....	5,685
- Number of families helped .....	19

-----

- Rental Assistance - 80% of total spent .....	\$ 18.8 k
- 80% of total assistance to six families .....	19.2 k
- 20% of total assistance to thirteen families.....	4.5 k

There is no single explanation for the heavy demand on this year's General Assistance expenses. We have single mothers without child support income, we have unemployed people without workman's compensation and we have incapacitating illness without disability payments. We also had several fuel assistance requests in December that we did not have last year because the federal program was delayed until well into January.

The state law in N.H. requires that cities and towns provide for all indigent people in the town if they qualify for aid regardless of the budgeted amount. To date, the State Legislature has rejected proposed legislation which would protect cities and towns from having to cover expenses no longer covered by State or Federal programs. While the cities and towns have not actually been 'hit' yet the expectation from the Health and Human Services people in Concord is that without some "protecting" legislation it is inevitable that the assistance load will increase at the local level.

s/ Virginia Hillegass  
Welfare Officer

## **BUILDING INSPECTORS REPORT**

**1995**

In 1995 there were a total of 34 building permits issued by this office. There were 4 new homes built, 16 additions to present homes, 7 out buildings , and 7 miscellaneous permits granted.

We take this opportunity to remind the citizenry that the town has voted to use the BOCA building codes as the towns building codes. We have tried to follow these codes as best as possible and will do all we can to help the builders and property owners understand and comply with the towns building ordinances.

We would also like to remind all residences that all new and replacements of furnaces are required by NH law, and your safety, to be inspected for proper and safe instillation. These inspections are made by either this office or the Fire Dept.

I thank you for your corporation in complying with the town ordinances.

Respectfully Submitted

*Peter Hopkins*  
Building Inspector

## **OAK PARK COMMITTEE REPORT**

We're almost there! With extensive progress continuing at Oak park in 1995, we are finally seeing some light at the end of the tunnel.

A face lift on the Little League infield, work on the playground and the installation of a beautiful tennis court, were all accomplishments in 1995.

Unfortunately, the drought in August destroyed a portion of the soccer field, but this will be reconstructed this year. A separate warrant article for a second wash well at that end of the park, should alleviate such a problem in the future. A second warrant article will address the need to trim out the dead wood which would limit the danger of someone being hurt by falling branches.

During 1996 we intend to complete the playground area, install horse shoe pits, refurbish the Little League outfield and finish some minor projects. \$2500.00 remains of the Oak Park Grant which will be applied toward these projects.

An addition to the pavilion for bathrooms and a kitchen area has brought substantial controversy. The bathrooms are a necessity. The kitchen would provide a means of raising additional funds to help maintain the park. This project will be addressed in the near future.

The third annual Blue-B-Que Blues Fest was held on August 26th. \$3000. profit was contributed toward the cost of the tennis court. Each year this event has become bigger and better, so mark August 26th as the day for the fourth annual Blue-B-Que. You're guaranteed to have a great time.

As always, thank you to all who have contributed in any way to the success of Oak Park. Watch your local newspapers for scheduled workbees if you have a little time to spare in working toward the completion of the remaining projects. Believe it or not, spring is just around the corner and we'll be out there soon!!

## **1995 WILTON RECYCLING CENTER**

The year of 1995 has been yet another year of change at the Recycling Center. The recycling market has changed, as a result we are pursuing new markets and have taken better control of our sales, insuring higher income. We are also investigating alternative means of disposing of our trash which could reduce costs.

Much needed repairs were done to the buildings, some of which were made necessary by a fire in June. Most of the repairs were covered by insurance and we gained valuable information about the disposal of "incinerables" by compacting during the shutdown.

We are working toward making the center more user friendly in the near future. I would like to thank the Wilton Selectmen, the Wilton Highway Department, the area policy representatives and area residents for their support and cooperation which has made this last year pass so smoothly.

**Joe Paro, Manager  
Wilton Recycling Center**
